

## Staveley CE Primary School – Year 4

## Home learning for w/b 14.4.20

| Maths  | Writing   | Reading   | Science   | Other ideas  |
|--|---|---|---|--|
| White Rose Hub — using the weekly lessons (one a day is not essential but they are manageable) I would start from whichever week you need as I know people are at different places and there is no need to start with summer term if you haven't finished the previous weeks.  If these are not manageable or your child is working at a different level —  CGP books (possibly try a different year group)  Espresso  Times Tables practise  4 operations practise using written and mental methods | CGP grammar, punctuation and spelling books - these include all the objectives for the specific year group  https://www.hamilton-trust.org.uk/blog/learning-home-packs/  Select English - Year 4 - Week One  Writing is also involved in the other ideas section and in the science so don't worry if week one takes 2 weeks or more!  Remember these are suggestions so please don't think I will be checking whether this has been completed!  For a writing challenge: https://www.pobble365.com/controlling-the-weather | https://www.hamilton-trust.org.uk/blog/learning-home-packs/  Select English – Year 4 – Week One  Reading magazines, a favourite book or instructions – everything counts! | Key question: What are the parts of the plant?  Look at plants in the garden and in the house. What do you notice? Can you name the different parts of the plant and label a diagram?  What are the functions of the different parts of the plant/flower?  Why not create a quiz for a friend or family member?  Ask them questions about what each part of a plant is called and the jobs they do. | Can you use art materials to create a model or collage of a plant, with labels for the different parts?  Geography: Where does our water come from? Learn about the water cycle.  PE: Joe Wicks does daily 30 minute sessions at 9am  Oti Mabuse has also got dance tutorials on YouTube  South Lakes School Games Facebook page is going to be offering PE sessions after the Easter holidays |
