VE Day Teacup Design

Victory in Europe (VE) Day took place on 8th May 1945. It marked the end of the Second World War in Europe.

VE Day was commemorated in many ways, including the production of special cups.

- Do you recognise the people on the cup? Who are they?
- Why is there a flag on the cup?
- What do you think the slogan on the cup means?
- Why do you think commemorative cups like this were made?

VE Day Teacup Design

Design your own VE Day cup. Think about your design and make sure it is bright and eye-catching. You could include flags, important buildings or people who were involved in the Second World War.
